Top 10 Things English Language Learners Want From Their Parents to Help Them in School

Thursday, December 1, 2016
9:00 a.m. — 12:00 p.m.

Our children, our English language learners are a growing population and need our parental support now more than ever! How can I help my child with this new academic vocabulary? What if I can't help my child with the homework? What resources are available to me to help support my child? I want to get involved at my child's school, but what can I do to get involved? In this training, parents will learn the answers to these questions, the top 10 things their children want from them to help them in school, and much more!

Preparing your Child for College: Finances, Admissions, and Academic Planning

Tuesday, December 6, 2016
9:00 a.m. — 12:00 p.m.

Administered by the UTSA Institute for P-20 Initiatives, "Preparing your child for college", provides parents with essential information regarding financial literacy, college financial aid, scholarships, as well as college admissions requirements. The Institute's mission is to fully engage each parent in their child's education in order to achieve the mutual goal of college completion for all.

Struggling Readers

Wednesday, December 7, 2016

9:00 a.m. — 12:00 p.m.

In this fun, practical training, you will learn how to incorporate powerful strategies to help your child improve their reading instruction from a brain-based educational perspective. You will discover the importance of providing hands-on researched based activities to improve your child's comprehension and basic reading skills. This training will give you proven ways to meet the diverse reading needs of your child and the activities can be used and applied in all other content areas.

Fostering the Social and Emotional Development of Gifted Children

Wednesday, December 14, 2016

9:00 a.m. — 12:00 p.m.

Although advanced in many ways, Gifted Children can often be in danger of learning the least in school because of their unique needs. In this interactive training, you will learn about social characteristics of Gifted Children and how you can contribute to the effective education of your child. We will explore strategies to identify behaviors that will be crucial to your child's teacher providing a better learning environment for your child. You will also learn practices that you can use at home to nurture the curiosity and creativity of your child.
